

FOR IMMEDIATE RELEASE

Title: Acclaimed Australian Author T.M. Clark releases gripping new action adventure, *Daughter of Africa*.

Subtitle: A relentless fight for survival where every step forward risks the elephant they are trying to save.

Brisbane, QLD: April 2026. T.M. Clark is pleased to announce the release of her latest novel, *Daughter of Africa* (Wilde Press), available now in paperback, hardcover and e-book formats.

Set across Nevada and Zimbabwe, the novel follows Marissa Whitney, an American heiress. But when tragedy and violence strike her family, and the USA is no longer safe, Marissa turns to the wilds of Zimbabwe. Determined to return Amalee, the elephant she rescued as a child, to her ancestral home, Marissa is drawn into a dangerous world of poaching, corruption, and betrayal. Alongside Mitch Laski, an Australian former Special Forces operator turned anti-poaching leader, she faces escalating threats that test loyalty, courage, and survival in one of the world's most unforgiving environments.

Daughter of Africa was inspired by a deep respect for wildlife and the people who risk everything to protect it. At its core, it asks what we are willing to fight for when the stakes are not only personal, but global.

Daughter of Africa is a compelling read for fans of Wilbur Smith, Bryce Courtenay, Katherine Scholes and Tony Park. A contemporary action fiction, delivering pace, emotional intensity, and an authentic sense of place.

About the Author:

T.M. Clark writes captivating literature that spans diverse cultures and wildlife, appealing to readers of all ages. Her eighth novel, *Daughter of Africa*, released in March 2026, continues her commitment to delivering immersive, character-driven stories in the 'spirit of the wilde.'
